

PTE Academic Exam – Sample Essay template

Good day you super strong, intelligent and creative go getter :) ... I hope your PTE preparation is going well.

Today, I wanted to share with you some bonus material on the writing section. Writing a good Essay in limited time can be hard and having a predefined 'template' can be useful in saving time and not having to think too much about the structure during the exam.

Below is a 4 paragraph essay template with some good wordings that you could use for almost any topic. It is best suited for essays which ask for your opinion on a topic and for essays that ask you to choose between two viewpoints. I have taken a simplistic example of "Television Good or Bad" and filled in the template to show you how you can use it.

Essay Template:

(Introduction) These days, there is an ongoing debate between people about _____. While it is possible to claim that _____, my view is that the disadvantages outweigh the advantages. In this essay, I shall explain my point of view by analysing both sides of the argument.

(2nd Paragraph) There are several reasons why _____. One of them is that _____. It can also be argued that _____. It should also be taken into account that _____.

(3rd Paragraph) Those who argue for _____ have a different view and say that it can actually be a good thing. Firstly, it is claimed that _____. Then, there are concerns about _____.

(Conclusion) While there are strong arguments on both sides of the case, my personal opinion is that _____. I would strongly recommend that _____.

Filled Example:

These days, there is an ongoing debate between people about (television and if it should be viewed as a positive or negative impact to society.)_____. While it is possible to claim that (television provides a source of entertainment to people)_____, my view is that the disadvantages outweigh the advantages. In this essay, I shall explain my point of view by analysing both sides of the argument.

There are several reasons why (Television is considered to be disadvantageous to society)_____. One of them is that (viewing of television can be a source of distraction in our life, turning away our focus from the more important things in life.)_____. It can also be argued that (we tend to waste hours in front of the television instead of working on our goals and ambitions in life)_____. It should also be taken into account that (children at a young age spending too much time in front of the television, are missing out on opportunities for all around development)_____.

Those who argue for (Television)_____ have a different view and say that it can actually be a good thing. Firstly, it is claimed that (Television can be a good source of information to learn new things if used correctly)_____. Then, there are concerns about (people not viewing television to be unaware of current events and latest news around the world)_____.

While there are strong arguments on both sides of the case, my personal opinion is that (Television usage is best avoided or minimized as we should focus on other productive tasks instead)_____. I would strongly recommend that (people view how much time they currently spend on watching Television and see how this time can be put to better use)_____.

Remember, there is no right or wrong in terms of content when you write an essay. So be free with expressing your thoughts and personal opinions about the topic while filling the template. If essays are an area of improvement for you, I invite you to practice writing an essay under timed conditions with this template to see how it works for you.

This is especially useful for those whom writing is an area of improvement and those who are struggling with Essay Timings. Those who have relatively better writing skills can even go into the exam without having a pre-defined template.

Love, blessings and good vibes to all,
Steven Fernandes
